DEPARTMENT OF PEDIATRICS
DELINEATION OF PRIVILEGES IN GENERAL PEDIATRICS

Applicant Name _____

PLEASE PRINT

QUALIFICATIONS:

Successful completion an ACGME or AOA accredited residency program in Pediatrics. Board certification by the American Board of Pediatrics or in the active certification process leading to certification within five (5) years.

Effective July 1, 2009, all new applicants to the DMC will be required to be board certified or in the active certification process in their practice specialty. See attached addendum.

Under special circumstances an individual who is Board Certified in other specialties may have been granted pediatric privileges. Staff who were granted these privileges prior to 3/1/08 will be able to retain privileges.

Required Previous Experience:

The applicant must demonstrate that (h)she has provided inpatient and/or consultative services for a minimum of 50 Pediatric patients during the past 24 months. This requirement is waived for those applicants who have completed their General Pediatric residency within the previous two years.

Special Procedures:

Successful completion of an approved, recognized course when such exists, or acceptable supervised training in residency, fellowship or other acceptable program; and documentation of competence to obtain and retain clinical privileges as set forth in departmental policies governing the exercise of the specific privileges.

Observation/Proctoring Requirements:

Monitoring through ongoing professional performance evaluation, departmental quality assessment and improvement processes.

Reappointment Requirements:

Current demonstrated competence through ongoing professional performance evaluation and an adequate volume of current experience with acceptable results in the privileges requested for the past 24 months as a result of quality assessment/improvement activities and outcomes.

“Affiliate Status, Membership Only” Status

Initial applicants: If you will only be referring patients to the DMC/Children’s Hospital of Michigan, you may wish to apply for Affiliate Status, Membership Only (no clinical privileges). This will allow an affiliation without having to meet other medical staff requirements.

Reappointment applicants: Those practitioners that do not meet minimum eligibility requirements to hold clinical privileges and/or have insufficient DMC based volume to provide for an ongoing professional practice evaluation and/or have an office-based practice only, but wish to maintain a DMC affiliation, may request Affiliate Status, Membership Only (no clinical privileges).

Check all that apply:

- Hospital Medicine
- GPAM (General Pediatric and Adolescent Medicine at Children's Hospital of Michigan)
- Community Pediatrician
- Urgent Care at DMC facility

DELINEATION OF PRIVILEGES IN ADDICTION MEDICINE
ADDENDUM*

APPLICANT NAME: _____

Please Print

Qualifications: In order to be eligible to request clinical privileges in Addiction Medicine, an applicant must meet the following minimum threshold criteria:

- A. Meet the basic requirements for medical staff membership and privileges as defined in the Medical Staff Bylaws, Article III, Section 2.
- B. Minimum formal training: The applicant must have successfully completed an ACGME/AOA approved residency program in a primary care specialty including; Emergency Medicine, Family Medicine, Internal Medicine, Obstetrics/Gynecology, Pediatrics, or Psychiatry.

Effective July 1, 2009, all new applicants to the DMC will be required to be board certified or in the active certification process in their practice specialty. See Board Certification addendum for complete requirements.

- C. Completion of an accredited training program in Addiction Medicine or demonstrate that they are working toward certification by ASAM (American Society of Addiction Medicine) or AAAP (American Academy of Addiction Psychiatry), said certification must be completed within 4 years of its onset OR have completed a fellowship program in Addiction Medicine or Addiction Psychiatry.
- D. Required previous experience: The applicant must be able to demonstrate that he or she has performed at least **50** diagnostic or therapeutic Addiction Medicine procedures (medical detoxifications) during training and **25** diagnostic or therapeutic Addiction Medicine procedures (medical detoxifications) in a 12 months period to maintain privileges.

Requested Privilege:

(R) (A) (C) (N)

Clinical Privileges in Addiction Medicine

The following procedures should be performed on patients meeting appropriate clinical criteria or through specified protocols by physicians with training and expertise in addiction medicine.

- A. Assessment, diagnosis, and treatment of substance use disorders (addiction, abuse, intoxication and withdrawal disorders).
- B. Management of the following:
 - 1. Severe or complex intoxication
 - 2. Severe or complex withdrawal
 - 3. Medical complications of substance use disorders
- C. Provide consultation services in addiction medicine for patients, in collaboration with the physician who requests the consultation. These services would likely include taking the history, performing a physical examination, ordering evaluative medication management.
- D. Integration of addiction medicine expertise with other health care providers including specialist in the emergency department and intensive care units.
- E. Work collaboratively with allied health practitioners, including psychologists, nurse practitioners, physician assistants and pharmacists.

DETROIT MEDICAL CENTER

BOARD CERTIFICATION REQUIREMENTS

- Beginning July 1, 2009, all applicants to the DMC Medical Staff shall be Board Certified, or shall achieve Board Certification within five (5) years of completion of formal training. Relative to eligibility for board certification, completion of formal training (residency versus fellowship) is defined by the primary certification body for that specialty.
- Individual clinical department Board certification may be more stringent. If so, the department's requirements supersede the DMC minimum Board certification requirement.
- The Board certification must be in the specialty and specific practice which clinical privileges are requested.
- Board certification must be in a specialty recognized by the American Board of Medical Specialties, American Osteopathic Association, American Dental Association or the American Board of Foot and Ankle Surgery.
- If Board certification is time-limited, the applicant will have a maximum of three (3) years to achieve re-certification, beginning with the expiration date of his/her current Board Certification, or will be voluntarily resigned from the Medical Staff. DMC medical staff members on staff prior to July 1, 2009 with time-limited certification will not be required to recertify.
- DMC medical staff members who obtain certification in specialty and subspecialty categories will be required to recertify in the area(s) of certification required by the certification body
- An extension of the Board certification or re-certification requirement may be granted by the Medical Executive Committee to the applicant who has obtained an extension from the requisite Board for reasons of significant health issues or military service.
- DMC medical staff members on staff prior **to July 1, 2009**, who are not Board certified will not be required to achieve Board certification. Eligibility for the Board certification waiver requires uninterrupted DMC Medical Staff membership since July 1, 2009.
- Under special circumstances, some outstanding applicants brought to the DMC may be ineligible for Board certification. These members will be considered by their departments on an individual case-by-case basis, and review by a subcommittee of the SICs, may be granted privileges without Board certification with a majority vote of the Medical Executive Committee and the Joint Conference Committee.
