DEPARTMENT OF PEDIATRICS

DELINEATION OF PRIVILEGES IN PEDIATRIC INFECTIOUS DISEASE

Applicant Name _____

PLEASE PRINT

QUALIFICATIONS:

Successful completion of an ACGME/AOA accredited residency training program in pediatrics and completion of a three-year accredited fellowship in Pediatric Infectious Diseases, and; current certification by the American Board of Pediatrics with a **Certificate of Special Qualification** in Pediatric Infectious Diseases by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics, or; active participation in the certification process leading to certification, within five (5) years of training completion, in Pediatric Infectious Disease by the American Board of Pediatrics.

Effective July 1, 2009, all new applicants to the DMC will be required to be board certified or in the active certification process in their practice specialty. See attached addendum.

Required Previous Experience:

The applicant must submit proof (case logs) of providing inpatient or consultative services for at least **24** patients during the past 12 months. This requirement is waived for those applicants who have completed their Pediatric Infectious Disease fellowship within the previous two years.

Special Procedures:

Proof of successful completion of an approved, recognized course when such exists, or acceptable supervised training of requested procedures in residency, fellowship or other acceptable program. Documentation of competence, via focused professional performance evaluations, to obtain and retain clinical privileges as set forth in departmental policies governing the exercise of specific privileges.

Observation/Proctoring Requirements:

Monitoring through focused professional performance evaluations, departmental quality assessment and improvement processes.

Reappointment Requirements:

Current demonstrated competence and an adequate DMC volume of current experience with acceptable results in the privileges requested for the past 24 months as a result of ongoing professional performance evaluation, quality assessment and improvement activities and outcomes.

Affiliate Status, Membership Only Status:

Initial applicants: If you will only be referring patients to the DMC/Children's Hospital of Michigan, you may wish to apply for Membership Only (no clinical privileges). This will allow an affiliation without having to meet other medical staff requirements.

Reappointment applicants: Those practitioners that do not meet minimum eligibility requirements to hold clinical privileges and/or have insufficient DMC based volume to provide for an ongoing professional practice evaluation and/or have an office-based practice only, but wish to maintain a DMC affiliation, may request Membership Only (no clinical privileges).

Adult Consultant/Treatment Requirements:

Successful completion of an ACGME/AOA accredited residency training program in Internal Medicine and completion of a three-year accredited fellowship in adult infectious diseases, **and**; current certification by the American Board of Internal Medicine with certification in Adult Infectious Diseases.

PRIVILEGES REQUESTED:

(R)-Requested (A)-Recommend Approval as Requested (C)-Recommend with Conditions (N)-Not Recommended

Note: If recommendations for clinical privileges include a condition, modification or are not recommended, the specific condition and reason must be stated below or on the last page of this form and discussed with the applicant.

Applicant: Please place a check mark in the (R) column for each privilege requested.

(R) (A) (C) (N)

MEMBERSHIP ONLY, NO CLINICAL PRIVILEGES

Practice is limited to outpatient office (ambulatory) only. No inpatient privileges.

Do Not Complete The Remainder Of This Form, sign on page 3 and submit..

(R) (A) (C) (N)

PEDIATRIC CORE PRIVILEGES

Treatment of patients of all ages and performance of procedures that do **not** carry a significant threat to life, related admission, consultation and work-up, venipuncture, laceration repair, incisions and drainage of superficial abscesses and treatment of major complicated illnesses.

(R) (A) (C) (N)

CORE PRIVILEGES IN INFECTIOUS DISEASES

Admit, work up, diagnose, and provide treatment or consultative services to patients of all ages presenting with infectious or immunologic diseases. Privileges includes: management of an unusually severe infection, such as tuberculosis, meningitis, disseminated tuberculosis, system mycosis and unusual infections in the immune-compromised host, aspiration of superficial abscess; and incision and drainage of superficial abscess; and interpretation of gram stain; and management of investigational anti-infective agents.

BOARD CERTIFICATION REQUIREMENTS

- Beginning July 1, 2009, all applicants to the DMC Medical Staff shall be Board Certified, or shall achieve Board Certification within five (5) years of completion of formal training.
- Individual clinical department Board certification may be more stringent. If so, the department's requirements supersede the DMC minimum Board certification requirement.
- The Board certification must be in the specialty and specific practice which clinical privileges are requested.
- Board certification must be in a specialty recognized by the American Board of Medical Specialties, American Osteopathic Association, American Dental Association or the American Board of Podiatric Surgery.
- If Board certification is time-limited, in all cases, the applicant will have a maximum of three (3) years to achieve re-certification, beginning with the expiration date of his/her current Board Certification, or will be voluntarily resigned from the Medical Staff.
- DMC medical staff members on staff prior **to July 1, 2009**, who are not Board certified will not be required to achieve Board certification. Eligibility for the Board certification waiver requires uninterrupted DMC Medical Staff membership since July 1, 2009.
- Under special circumstances, some outstanding applicants brought to the DMC may be ineligible for Board certification. These members will be considered by their departments on an individual case-by-case basis, and review by a subcommittee of the SICs, may be granted privileges without Board certification with a majority vote of the Medical Executive Committee and the Joint Conference Committee.

JCC APPROVED 2.26.2013
