QUALIFICATIONS:

Initial Applicants

Successful completion of fellowship training, and current board certification or active participation in the examination process leading to certification in Neonatology by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics within five years of completion of training.

Effective July 1, 2009, all new applicants to the DMC will be required to be board certified or in the active certification process in their practice specialty. See attached addendum.

Special Procedures:

Successful completion of acceptable supervised fellowship training and/or demonstration of competence to obtain and retain clinical privileges as verified by letters of support from fellowship program director or previous hospital chief evaluations, and as set forth in departmental policies governing the exercise of specific privileges.

Previous experience

Experience in care of high risk infants, as evidenced by Board eligibility or Board certification

Observation/Proctoring Requirements:

Monitoring through focused professional performance evaluation, departmental quality assessment and improvement processes.

Reappointment Requirements:

Current demonstrated competence and ongoing professional performance evaluation, quality assessment and improvement activities and outcomes.

For Membership Only Status, Initial or Reappointment:

This staff category is for individuals who will not be admitting any patients to DMC hospitals and will not be the physician of record for any patients at DMC hospitals. These would include referring physicians who would like to enjoy the benefits of being on the DMC Medical Staff without direct patient care responsibilities.

BOARD CERTIFICATION REQUIREMENTS

- Beginning July 1, 2009, all applicants to the DMC Medical Staff shall be Board Certified, or shall achieve Board Certification within five (5) years of completion of formal training.
- Individual clinical department Board certification may be more stringent. If so, the department's requirements supersede the DMC minimum Board certification requirement.
- The Board certification must be in the specialty and specific practice which clinical privileges are requested.
- Board certification must be in a specialty recognized by the American Board of Medical Specialties, American Osteopathic Association, American Dental Association or the American Board of Podiatric Surgery.
- If Board certification is time-limited, in all cases, the applicant will have a maximum of three (3) years to achieve re-certification, beginning with the expiration date of his/her current Board Certification, or will be voluntarily resigned from the Medical Staff.
- An extension of Board certification or re-certification requirement may be granted by the Medical Executive Committee to the applicant who has obtained an extension from the requisite Board for reasons of significant health issues or military service.
- DMC medical staff members on staff prior **to July 1, 2009**, who are not Board certified will not be required to achieve Board certification. Eligibility for the Board certification waiver requires uninterrupted DMC Medical Staff membership since July 1, 2009.
- Under special circumstances, some outstanding applicants brought to the DMC may be ineligible for Board certification. These members will be considered by their departments on an individual case-by-case basis, and review by a subcommittee of the SICs, may be granted privileges without Board certification with a majority vote of the Medical Executive Committee and the Joint Conference Committee.
